

SEA PARTNERS PRESENTATION
Christa McAuliffe Elementary School
Girl Scout Gulf Coast Troop 679
15OCT15

The Girl Scouts participated in the Sea Partners Presentation program conducted by W. Patrick McCarn, ADSO-PI and Nancy McCarn, FSO-CS. This educational program targets Marine Safety and Environmental Protection focusing on the three “R’s” (reduce, reuse, recycle).

The USCG Sea Partners Campaign is an environmental education and outreach program focused on communities at large to develop community awareness of maritime pollution issues and to improve compliance with marine environmental protection laws and regulations.

Girls had the opportunity to guess how long it takes for certain items to biodegrade using the Pollution Board game.

Debris was removed by “fishing” out garbage in the ocean leaving the fish to swim freely.

Pat & Nancy McCarn encourage Auxiliarists to complete:
Auxiliary Prevention Outreach Specialist Performance Qualification Standard (PQS).
