11 May 2013 CG Station Sand Key, Clearwater, FL

Rosemary Zabinski and Ronald Dell practice CPR and First Aid on Mannequins during a Red Cross CPR/First Aid class. CPR/First Aid training is offered free to CG Aux Boat Crew trainees.

### *Saturday, 11 May 2013 Station Sand Key, Clearwater Florida*

Two flotilla members attended CPR/First aid class on Saturday, May 11, 2013 at SSK. Rosemary Zabinski and Ron Dell. Red Cross has a few changes and this one pertains to boat crew.

An important change to remember:

For the aux boat crew, when doing ABCs (Airway, Breathing, Circulation, etc. checks) for the Man Over Board drill procedures...Red Cross does not elevate the lower limbs anymore.

# Staff Officer Reports

## Communications

Flotilla 11-6 Radio Staff Officer's Report for May 2013. 05May2013 QE Mission.

Sam Walker FSO-CM 11-6

## Communication Services

Computer security is important. The recent ratings by Consumer Reports have been published. See the entire report here; <http://www.consumerreports.org/cro/security-software.htm> and yes the ratings are for the free software as well as the “pay for” programs.

The top contenders for the free security software are Avast and for “pay for the computer software” is G Data.

Ron Dell SO-CS Div. 11, FSO-CS 11-6, FSO-PB 11-6

## Human Resources

Welcome new members Robert Esposito and Raymond Stefanski.

Flotilla elections are only a few months away. Commander and Vice Commander will be open slots.

If you wish to run for either office, check Aux Manual to see necessary qualifications.

Get started on leadership courses if you need them. Double check with FSO-IS, Norm Robertson to verify what you have done.

Thank you,  
Rosemary Zabinski VFC

## Information Services

All submitted FORMS in the month of May have been entered into AUXDATA.

Regarding new members.....All new members when completing 7029 forms, need to put their hours under the 99E column. Only exception would be if on a training patrol then (99B) would be used or if classroom training (99D) would be used.

For the Telecommunications Operator's qualification, ICS 100 and 700 have been found to be required for this certification. Per Ed Duda, these members will go into REYR until these members have completed and have recorded in AUXDATA these courses. I do not think this affects any of our members. If you have this qualification and did not take these two courses, please do so at your earliest convenience.

Respectfully submitted,

Norm Robertson FSO-IS

## Fellowship

Birthdays - we have three birthdays... Robert Allen, James Kreyer, and Norm Robertson.

Mrs. Walker and daughter (Sam's family) are making the birthday cake.

If the cake is as good as the pie they made last time...you wouldn't want to miss it.

## Navigation Systems

We seldom hear about the Coast Pilot, but Coast Pilot # 5, contains highly useful information for us. Check Chapter 5 and 12, especially sections referring to Navigational Charts, 11409 and 11411.

New edition of Coast Pilot 5 available now, Hard-bound copies available in three weeks.

<http://www.nauticalcharts.noaa.gov/staff/charts.htm#POD>

The Office of Coast Survey recently announced that the U.S. Coast Pilot 5, Gulf of Mexico, Puerto Rico, and Virgin Islands, 41st Edition, has been issued and is ready for free download and weekly updates. Print-on-Demand (POD) bound copies are also available for purchase.

Many mariners prefer the traditional books, and so NOAA continues to print new editions annually for those customers. The printed copies of Coast Pilot 5 will be available in about three weeks from authorized chart agents and their sales outlets. Check agent listings. Price \$30.00.

The 2013 edition cancels the preceding 2012 edition, and incorporates all previous corrections.

See more information on the updated editions of the United States Coast Pilot.

**IMPORTANT:** Form 7030 is used to collect and input data into the AUXDATA System. Without this information, funding for the Auxiliary is not allocated/given. Without funding there would be very little resources for things such as fuel and travel and other expenses. It is critical that you submit your time in hours spent and expenses. Form 7029 Activity Report is also important, even if you just read emails/write email/attend a meeting, you should be jotting the hours down on the 7029 worksheet. Remember for expenses on the 7029, please only record expenses for tolls, parking, meals and lodging that you were not reimbursed for. Read the instructions on the back of form to find the category or categories that you are in. [Click here for instructions on filling in the 7030 form.](#)

**The ElevenSixer Newsletter** is always looking for articles about Auxiliarists, stories of interest, and photographs. Your articles don't have to be long; just make sure you include all of the basics: *Who* are you writing about? *What* is the topic or event? *Where* does the story take place (location)? *When* did, or *when will* this event take place, and finally, *Why* is this of interest, or *How* was this accomplished? Provide as much information as possible.

**Photographs should include the names and offices of the people in the photograph. The location, date and who took the photograph.**

COMDTNOTE 1000

SUBJ: COMMANDERS INTENT - CAMPAIGN TO ELIMINATE SEXUAL ASSAULT FROM OUR COAST GUARD

1. To execute the diverse, challenging and often hazardous missions of the Coast Guard, we must all share a strong bond of trust and mutual respect. Without both, discipline erodes, mission readiness is degraded and the performance of our people is diminished. Sexual assault is a crime. Commission of this act is a breach of trust, violation of our core values and, therefore, must be eliminated from our Service. The presence of sexual predators in our midst is unacceptable. The Coast Guard will establish an effective program of prevention, response, accountability of offenders and unqualified support for victims without fear of stigma.

2. The following is my direction:

a. Create a culture intolerant of sexual assault or behaviors that enable it. Ensure that every man and woman in the Coast Guard, including active, reserve and civilian and auxilarist, is clear regarding expectations. Our goal is to eliminate the commission of these acts. There are no bystanders in this effort, I expect all hands commitment.

b. Prevent sexual assault including unwelcomed sexual contact. Rapidly transform our Service climate to ensure that every Coast Guardsman takes ownership of this problem, recognizing their duty to stop sexual assault before it occurs. Enhance training so that all hands recognize indicators of this behavior and are prepared to intervene.

c. Improve the availability and quality of response resources and trusted peer networks. Establish an environment that, when an assault is committed, victims come forward to report the offense with confidence, trusting that they will be protected and cared for without fear of reprisal or retaliation. Strengthen the program of victim advocacy extending throughout the process.

d. Hold anyone who commits the crime of sexual assault accountable. Improve reporting, investigative and prosecution processes to ensure timely outcomes. Ensure objectivity and full accountability as an effective deterrent.

e. Establish a program for victim advocacy and aftercare.

3. The Vice Commandant will personally oversee execution of this Commanders Intent. The Deputy Commandant for Mission Support will act as executive agent for implementation of the Coast Guard Sexual Assault Prevention and Response (SAPR) strategic plan and follow-on actions. Leaders at all levels will gain full knowledge of the scope of this problem and Service strategies for eliminating sexual assault from the Coast Guard. Individual leaders are responsible for demonstrated commitment. I expect every Coast Guardsman to display the same level of dedication and courage executing this intent that they would on a lifesaving mission - that is, in fact, what this is all about.

4. Each command will ensure that this Commanders Intent is read and discussed with all hands.

5. Admiral Bob Papp, Commandant, sends.

6. Internet release authorized.
