Information Services

January 1, 2008 a change was made regarding your Nav Rules re-certification exam. The change was you have to complete this test on the Anniversary Date, which is stated in the PDF file. You can no longer wait till the end of the calendar year as it was previously. The old way could possibly give a member almost 6 years to complete the exam if his date for that exam was in Jan or Feb. This is the reason for the change.

Norm Robertson FSO-IS 11-6

Operations

One Safety Patrol was conducted during August and two were canceled due to bad weather.

IMPORTANT: Form 7030 is used to collect and input data into the AUXDATA System. Without this information, funding for the Auxiliary is not allocated/given. Without funding there would be very little resources for things such as fuel and travel and other expenses. It is critical that you submit your time in hours spent and expenses. Form 7029 Activity Report is also important, even if you just read emails/write email/attend a meeting, you should be jotting the hours down on the 7029 worksheet. Remember for expenses on the 7029, please only record expenses for tolls, parking, meals and lodging that you were not reimbursed for. Read the instructions on the back of form to find the category or categories that you are in. [Click here for instructions on filling in the 7030 form.](#)

The ElevenSixer Newsletter is always looking for articles about Auxiliarists, stories of interest, and photographs. Your articles don't have to be long; just make sure you include all of the basics: *Who* are you writing about? *What* is the topic or event? *Where* does the story take place (location)? *When* did, or *when will* this event take place, and finally, *Why* is this of interest, or *How* was this accomplished? Provide as much information as possible.

Photographs should include the names and offices of the people in the photograph. The location, date and who took the photograph.
