

Auxair update – April 2024

Completed the Enhanced Crew Resource Management Course required for all Auxair Pilots and Crew every 5 years. Held at Air Station Clearwater on March 16-17.

Covered Flight Discipline, Normalizing Excellence, Error Producing Conditions, Situational Awareness, Effective Communications and Risk Management.

My Aircraft (C8172) remains offline due to overhaul related complications, but expect to resume test flights next week and bring it back on line as soon as May.
