RE: Monthly Report Member Training 070-11-10 March 2024

Ups/Successes:

- Flotilla monthly meeting continues to have training sessions imbedded in the meeting. The March meeting covered becoming a Staff Officer or Elected Officer.
- 2 members completed their AuxOP requirements.
- A renewed push to get Flotilla members to take mandatory core courses and TCT/RM courses (class set for early March)
- All messages concerning classes/training opportunities are sent to all members of the Flotilla by the Flotilla Commander

Downs/Challenges:

- On going problem Flotilla is short of Instructors, Program Visitors, Vessel Examiners, and members willing to take the training courses for elected officers (still our major Challenge)

Comments:

- N/A.
