Names	Report
FSO-CM Communications Scott Birdwell	No Flotilla facility watch standing for June 2025.
FSO-CS Communication Services Gordon Thomas	On our website we have a new category in the menu on the left side called What's New. It is near the bottom of the menu.

This category gives you a link that goes to [govern1.com](http://govern1.com) which is a directory of events and activities for Dunedin. It takes you directly to our own personal link that they have assigned us. The advantage of this link is that they are updating it for us on a regular basis

Much of this info has come from our Facebook site that Gary Walkup inputs for us. Don't forget that we also have our Facebook on the menu as well that you can click on.
