

Palm Harbor Museum

Where local history comes alive!

Our SECOND 2024 FAMILY INTERGENERATIONAL DISCOVERY DAY

is Saturday, April 20, 2024 | 11 AM to 2 PM – Celebrating Earth Day!

Grady (Buddy) Altman manned a booth at the Palm Harbor Museum for Family Intergenerational Discovery Day.

A number of attendees inquired about vessel exams and this gave us some exposure in Palm Harbor with info about boat safety, boat safety courses, vessel exams, rules, etc.

The photo to the right shows Buddy demonstrating how to properly tie a line about a cleat.
