Message from the Publications Officer

This directory will be updated every year by the Publications Officer, FSO-PB.

We work very hard to make sure that all pertinent information is listed so that our members will have an updated record of officers, member data and the latest information.

Please keep the FSO-PB and the Commander informed of any corrections in names, addresses or any other pertinent information, so that we can keep an accurate directory.

Please bear in mind that if an error is noted, this discrepancy will probably need to be corrected in the AUXDATA records, as well.
