

Below is the pricing for you on the 12" x 18" signs, .080 aluminum, single sided with rounded corners. The .080 aluminum comes in 4' x 8' sheets so in order to get you the best possible pricing I quoted you in quantities of 20, 40 and 60. I can get exactly 20 out of one sheet therefore eliminating any waste.

20 - \$22.50 each (taxes not included)

40 - \$20.00 each (taxes not included)

60 - \$18.00 each (taxes not included)

I'll be happy to get you pricing on posts and mounting hardware as well. I would just need to know which length you were looking for and confirm that you are looking for the U-Channel Posts.

Let me know if you have any comments, questions, changes or if you need any additional information and I'll be happy to help.

Thank you and have a great day!
