Form approved:
OMB No. 3206 0005

86-111

Follow instructions fully or we cannot process your form. Be sure to sign and date the certification statement on page 2. If you have any questions, contact the office that gave you this form.

The Standard Form 86 (SF 86), Questionnaire for National Security Positions, is completed by persons under consideration for or retention in national security positions as defined in 5 CFR 732 and for positions requiring access to classified information, as defined in Executive Order 12968. Depending upon the purpose of your investigation, the United States (U.S.) Government is authorized to ask for this information under Executive Orders 10450, 10865, 12333, and 12968; Sections 3301, 3302, and 9101 of title 5, U.S. Code (U.S.C.); Sections 2165 and 2201 of title 42, U.S.C.; chapter 23 of title 50, U.S.C.; and parts 2, 5, 731, 732, and 736 of title 5, Code of Federal Regulations.

There are many situations where individuals are required to fill out a new SF 86 when the sole purpose is to determine if any information on a previously executed SF 86 has changed. This requires extensive work by the individual even if nothing has changed. The SF 86C is a certification document that allows the reporting of changes in previously reported information on the SF 86. This certification will be in lieu of completing a new SF 86 and will allow the individual to indicate that there have been no changes in the data provided on the most recently filed SF 86 or it will allow the individual to easily provide new or changed information. No investigation will be initiated based solely on the execution of this form.

Your Social Security Number (SSN) is needed to identify your unique records. Although disclosure of your SSN is not mandatory, failure to disclose your SSN may prevent or delay the processing of your background investigation. The authority for soliciting and verifying your SSN is Executive Order 9397.
