During the January flotilla business meeting certificates of appreciation were given to those who served as Flotilla Staff Officer in 2016. Additionally, plaques and awards were given to two of our AUXAIR members to acknowledge their service. Later in the proceedings, final appointments were made to fill all of the FSO positions for 2017. Below is the list of members who have taken on specific tasks to keep the Flotilla functioning in pursuit of the mission. You will find their personal contact information on the AuxDirectory. We appreciate the work and dedication of these individuals and note many of which hold more than one position in the Flotilla, Division or the District level. Please give them your support and honor their request as they work on the behalf of the Auxiliary representing our Flotilla, the Auxiliary and the Coast Guard.

2016 Christmas Party

Fellowship, Food and Drinks were the order of the evening at Sam's Sports Grill, Blue Turtle Bay Marina. We gathered on a Monday evening in lieu of the regular Flotilla Business Meeting. It can't be stressed enough that part of the Auxiliary mission includes fellowship as the glue that holds the group together.

This was an opportune time to introduce friends and family to our shipmates in a warm casual dining atmosphere. Of course all were welcomed as we were joined by members of several other Flotillas in the Nashville Division along with IPDCDR James Helton and his wife Jennifer.

The food was fantastic as usual, and the service was wonderful as well.

As we put the Holiday Season behind us we look forward to Many Happy Returns.

In Memoriam of Officer Eric Mumaw

Our condolences to family friends and fellow first responders of Metropolitan Nashville Police Officer Eric Mumaw. The 44-year-old 18-year veteran of the Metro Police department drowned in the Cumberland River in the early hours of Feb. 2, 2017. Officer Mumaw had twice before received awards for heroism. Larry Carter, member of the Auxiliary and former Metro Police officer worked with officer Mumaw. "He was a great officer and I could tell he was a real people person". It has been said, that is why he stayed on the night shift, where he felt he could do the most good. It was a tragic turn of events in which officer Mumaw lost his life attempting to save that of another.

"Any time we lose an officer it affects us all, we are like family". "When we put on a badge we never know what the next call will be, but it is a calling to a proud profession protecting and serving our communities" Carter said. "Often times when I am out, People will say **"Thank You for Your Service"** My reply is **"Thank You for Your Support."** May we remember that when someone thanks us for our service, and may we not forget Officer Mumaw's heroism as we strive to keep our AOR safe for all.
