**1. I THANK EVERYONE FOR A JOB WELL DONE:** The 2016 D11 Aids to Navigation and Chart Updating Year is over. My most sincere appreciation to all the Aid Verifiers, SO-NSs, FSO-NSs, & ADSOs that assisted and promoted the 2016 Aids to Navigation, Bridge, and Chart Updating programs. You have all worked so hard and long and contributed tremendously in making our goal of 100% in PATON & Bridge programs work efficiently. Words I get from our District 11(dpw) office are they could not do a complete job without your help in so many ATON areas.

The reports I received from you (see the **2016 Final DIVISIONAL, BRIDGE, ATON, & CHART UPDATING SUMMARY REPORT**) shows that you've completed **5** ATON Reports; **780** PATON Reports; **65** Bridge Reports; **6** Chart Updating Reports this year. That is with only **43** Aid Verifiers doing the checks & verifications. We did added **10** new “Auxiliary Aids to Navigation (ATON) Verifier PQS” to our district. Unfortunately only **74%** of these Aid Verifiers activity showed up in January 1 2017 AUXDATA Report from submitted 7030 reports. Aid Verifiers not submitting 7030 forms for their activities hurts our program, district, divisions & flotillas. All and all a **Job well done to all of you that worked so hard.**

Our Navigation Systems programs will see some new changes for the next year. We will be starting 2017 with only **27** certified “Auxiliary Aids to Navigation (ATON) Verifier PQS”. If you know of any of your members that would like to participate in our Navigation Systems programs, please have contact me.

## 2. 2016 Final NAVIGATION SYSTEMS REPORT:

This summary report activity table covers all ATON, PATON, Bridge, & Chart Updating activities & reports received by D11 (dpw), NOAA-NOS & AUXINFO through **January 1, 2017**.
