

AUXILIARY NOBLE EAGLE SECURITY / M.O.M. PATROL

Facility/Cxn: _____ Date of Patrol _____ Patrol Order No. _____
Print

Submit page 1 as normal with your CG-5132 (Patrol Order) and required receipts at the completion of the patrol. Should you encounter SSI follow instructions for reporting as per page 2 and submit page 2 via fax or mail to Sector Intel officer

*The reporting of SSI may not be communicated utilizing cell phones unless emergency circumstances exist. Do not communicate SSI over the radio.

The following areas and items of interest should be checked during a security patrol without exceeding COMDT mandated operational limitations. In addition, all recreational/commercial vessels operating within the port shall be recorded below in the comments section by name or state identification.

All areas shall be overtly patrolled, taking note of any suspicious activity, vessels and objects. Notify the Sector Command Center of any suspicious activity through the proper communications channel as dictated, upon discovery.

Additional Notes:

Before beginning your Noble Eagle / M.O.M. patrol, familiarize the crew with the most recent broadcast Notice to Mariners for the port proper. A copy of the notice may be obtained at: <http://www.navcen.uscg.gov/LNM/d11/default.htm>

NARRATIVE: _____

REPORTING PERSON: _____ Print _____ Signature _____ DATE: _____

CREW MEMBERS : _____

WARNING:, When filled out and the SSI box is checked, this document, record contains Sensitive Security Information that is controlled under 49 CFR parts 15 and 1520. No part of this record may be disclosed to persons without a "need to know", as defined in 49 CFR parts 15 and 1520, except with the written permission of the Administrator of the Transportation Security Administration or the Secretary of Transportation. Unauthorized release may result in civil penalty or other action. For U.S. government agencies, public disclosure is governed by 5 U.S.C. 552 and 49 CFR parts 15 and 1520.

Enclosure (3) to Navigation and Vessel Inspection Circular 10-04
Sensitive Security Information (SSI) Handling Procedures

**SSI CUSTODY, DISSEMINATION, TRANSMISSION, AND STORAGE
REQUIREMENTS – QUICK SHEET**

Custody	Dissemination and Transmission	Storage
Green cover sheet, enclosure (3) Tab A--optional	SSI may be transmitted via commercial Courier service or USPS mail.	During non-duty hours, SSI shall be afforded, at a minimum, protection of storage in a locked desk or file cabinet, or storage in a facility or area using physical access control measures that afford adequate protection to prevent unsupervised, unrestricted access by individuals that are not Covered Persons with a need to know the SSI.
Non-DHS employees handling SSI material may sign a non-disclosure agreement, which should be filed at The company. Owners/Operators may use other means to track employees authorized access to SSI	SSI may be transmitted via Coast Guard email within the CG Intranet. The Internet is not secure and therefore should not be used to transmit SSI except as provided in paragraph 7b (2) (ii) or (v) of this enclosure. SSI is to be safeguarded and adequately protected from unlawful or improper disclosure.	SSI stored and processed by an IT facility shall have adequate physical, administrative, and technical safeguards
Employees who have custody of material designed as SSI shall exercise due caution to ensure that the information is not accessible to individuals who have no need to know.	Information that has been identified and is known by the recipient as SSI shall be safeguarded from disclosure to unauthorized individuals whether or not the material is physically marked.	
At a minimum, individuals who cannot demonstrate a "need-to-know" must not be able to access areas containing SSI unescorted or unobserved, or have visual access to SSI.	Safeguarding from disclosure includes precautions against oral disclosure, prevention of visual access to the information and precautions against release of the material to unauthorized personnel.	
	SSI leaving the control of CG personnel must be properly packaged, sealed and addressed specifically to the recipient with a "need to know". Senders of SSI material are highly encouraged to notify intended recipients of pending delivery.	
	SSI may be discussed on the telephone. Use of voice privacy equipment or secure telephones should be considered depending upon MARSEC level.	
	Generally, SSI should not be transmitted or discussed along non-secure pagers, or wireless devices. However, emergency situations or some circumstances may require the use of these devices.	
	SSI may be transmitted via unclassified fax machines. However, the sensitivity of the material will determine the need for more secure transmission (e.g., secure fax).	

Not all incidents that may require a written report are SSI. Follow the guidelines for identifying, handling, safeguarding and disposing SSI.

Page 3 of this document is for your information only. Do not send this page with page 1 or page 2 of this document or as a part of any report.

Follow the guidelines for delivery of reports that contain SSI. Check with the Sector Command Center before delivering SSI to determine the method of delivery.

SSI

THIS IS A COVER SHEET
FOR SENSITIVE SECURITY INFORMATION

WARNING: This record contains Sensitive Security Information that is controlled under 49 CFR Part 1520. No part of this record may be disclosed to persons without a “need to know,” as defined in 49 CFR Part 1520, except with the written permission of the Administrator of the Transportation Security Administration. Unauthorized release may result in civil penalty or other action. For U.S. Government agencies, public disclosure is governed by 5 U.S.C. 552 and 49 CFR Part 1520.

(This cover sheet is unclassified.)
