

Seattle City Light and Seattle Department of Transportation
Course Announcement – ICS-300, ICS-400

In an effort to support regional compliance with Department of Homeland Security Incident Command System (ICS) training guidance and to increase collaboration during multi-jurisdictional incidents

Seattle City Light and Seattle Department of Transportation

will be hosting

ICS-300 and ICS-400 courses in 2015

Courses are open to any responder from cities, tribes, county agencies, state agencies, federal agencies, special purpose districts, and private and non-profit partners.

Dates

ICS-300 – 8:00 to 5:00

(These classes will have a working lunch to meet the minimum 18 contact hours required by FEMA)

January 28-29

April 7-8

September 22-23

ICS-400 – 8:00 to 5:00

February 24-25

May 26-27

October 27-28

DHS guidelines require participants to attend all class hours to receive a certificate of completion.

There is no cost for these courses.

Class size is limited and preference will be given to City of Seattle employees. As a class is filled, a waiting list will be maintained to accommodate any last minute conflicts.
