

Information from the Uniform Distribution Center for new members - If you haven't ordered from them in the past consider that you are a "new member" to them...

Here at the UDC we only carry the replacement chin strap for the Hat Frames, replacement buttons for the Hat Frames, Aux belt and buckle (without the USCG AUX) symbol on it, and the replacement button for the male and female dress coats. No shoulder boards or any other rank devices (these items are available through the AUXCEN at www.shopauxiliary.com).

Also can you please pass word to the Flotilla Commanders that any newAUX member should:

- A) Call UDC first to have them input into our system (800-874-6841). This requires a member ID number.
- B) Next, have the member go to our website (<http://www.uscg.mil/hr/udc/ordering.asp>) and follow the procedures to measure themselves or have a tailor do it so we can expedite the ordering process and minimize returns and exchanges, all the information and how to correctly measure themselves is on our web site.
- C) Please come with the proper list from their commander with the UDC Stock Code for the items they need. Example: Men's Trops shirt 16 neck (UDC Code: ALBSSM16).
