

Charting your course in the UNITED STATES COAST GUARD AUXILIARY

MEMBER INVOLVEMENT PLAN

MAKING CHOICES FOR SUCCESS!

Charting a course creates success for the United States Coast Guard Auxiliary missions and programs, while providing satisfaction and pride by our members.

This booklet of planning is designed as a working document to be maintained for support of our member's involvement. We look forward to your active involvement in Auxiliary activities.

DEPARTMENT OF HUMAN RESOURCES (REV. 03/2010)

**USCG AUXILIARY DATA INPUT SHEET
MEMBER INVOLVEMENT PLAN**

Welcome to the United States Coast Guard Auxiliary

This planner is to help you to become familiar with opportunities available in the Auxiliary, to see the steps leading to your interests and goals, and, over all, to assist you in planning your future years in the Auxiliary. To that end, we ask you to look through this booklet, fill in the appropriate sections, then, with the help of the Member Training Officer, plot your course. The next page lists some of the many activities available. The following two pages illustrate the steps required for the various positions. The *New Member Reference Guide* and the *Member Handbook* provide in-depth explanations. The last page provides a place to pencil-in initial goals. It's best to use pencil since as you become more familiar with the workings of the Auxiliary, your goals will probably expand.

Again—WELCOME—We look forward to helping you become an integral part of our continuing mission of serving our nation and the boating public.
