# New Member Training Guide

Congratulations on joining the Auxiliary Forces of the US Coast Guard! You may be wondering "Am I part of the Coast Guard"? Yes, you certainly are. The Coast Guard is made up of four interconnected forces; active duty, reserves, civilians and auxiliary. Each has a different work and pay schedule. Our particular branch has very flexible hours and as such has no pay. However, we are a part of the organization and therefor have training items we must complete just as any other member of the Coast Guard does. So where do you start?

First, you will want to have a copy of the Auxiliary Manual. That can be located at www.uscg.mil/auxiliary/publications/auxman.pdf. I would recommend downloading it and not printing it as it is 9.5MB and 795 pages long.

Once you receive your member number from the Director of Auxiliary (DIRAUX) you will be able to log onto the Auxiliary Learning Management System (AUX LMS) and complete the eight mandatory training modules we all need to do. AUX LMS is located here: https://auxlearning.uscg.mil

Click on the "Agree" button and it will lead you to this page;

Your Username is your primary email address as listed in AUXDATA (the one you listed on your application) and you will create a password by clicking the "I forgot my password" button.

Once you log in you will see this page; click on the "Catalog: Auxiliary" button.

CG Auxiliary Courses

| CATALOGS (2) | COURSES (0) |

Catalog: Auxiliary Mandated Training
Mandatory training for all Coast Guard Auxiliary members. This includes training
412).

Catalog: Other Auxiliary Courses
Includes ICS-210 and the 2014 Vessel Examiner Required Annual Workshop.

The above button will take you to the page below that lists each course. Begin with the 3rd one down "Influenza Training". Each of these courses will automatically upload into your training record when you complete them so there is no need to provide those to your Flotilla Commander. The screen shot below does not show all the courses, but you will need to complete all of them from Influenza down on that page.
