The Digest of US Coast Guard Auxiliary Activity

10 FEB 2021

Many of our members recently received an email message from the Public Education Directorate (E). The sending address was “Fso-pe fso-pe-so-pe-bounces@eddept.cgaux.org” That message was intended for all members of the Auxiliary who are certified Instructors (IT).

A National Standard Operating Procedure (SOP) is in place to assure our members that messages disseminated to mass groupings of Auxiliarists across directorate lines of communication are reviewed by the Chief Counsel (ANACO-CC) and National Executive Committee (NEXCOM).

Although the subject message did not receive the required review and was sent in error, it was not “spam” or an attempt to obtain personal information known as “phishing.” It did not contain malicious code.

The E Directorate regrets the error and apologizes for the confusion it created.

Gus Formato,
Vice National Commodore sends
