Subj: UPDATE 6 ON THE AUXDATA II PROJECT

1. AUXDATA II updates and adjustments continue to be made as needs for them are identified by new system users, answering Tier 1 service tickets, and training of new users.

2. User account rollouts continued this week with Flotilla-level Information Services (IS) Officers and members with mission qualifications receiving their new accounts. So far, approximately 10,000 accounts have been activated. User account rollouts will continue through the week of May 25th with all Auxiliary members receiving their new accounts by May 28th.

3. Updates from AUXDATA II to AUXDIRECTORY are being processed 2-3 times per week.

4. Internet release is authorized.

For many reasons including the value of keeping communication lines clear and open as well as facilitating access to training and educational tools, all Auxiliarists are urged to have their own email address and to keep it updated in AUXDATA.
