

## **ALAUX 01-14 - CHIEF DIRECTOR FINAL ACTION ON NATIONAL BOARD RECOMMENDATION**

18FEB2014

1. At the 2014 Auxiliary National Training Meeting (NTRAIN) in January, a recommendation was placed before the National Board for vote. It is summarized with the Chief Director's final determination below:

a. Recommendation: Establish a civil rights appointed office within the Human Resources Directorate of the national staff. The civil rights program of the Coast Guard Auxiliary presently consists of a single appointed officer in each district/region. By creating and supporting the recommended national office, the Coast Guard and Auxiliary will help promote awareness of the functions, procedures, responsibilities, lessons learned, and professional development opportunities among the Auxiliary's civil rights program community. It is further recommended that CGAUX-CRC contact information be included in the staff section of district/region directories.

b. National Board vote: For.

c. Chief Director final action: Concur and approved. This will also be reflected in the next change to the Coast Guard Auxiliary Manual, COMDTINST M16790.1 (series).
