

# TRIDENT PROGRAM

## Goal

Train to support Coast Guard Sectors in Marine Safety and Environmental Protection programs. Training for most qualifications is provided by active duty or reserve Coast Guard personnel, not by Auxiliarists. Members completing program qualifications may achieve the honor of being awarded the Trident qualification device. *Training opportunities and policies vary from Sector to Sector so members should check with their Marine Safety staff chain of leadership to determine the opportunities and policies in their Sector.*

## Course Requirements

**Good Mate:** This course was developed by the Ocean Conservancy and is designed to encourage ocean and waterway conservation by boaters.

**Introduction to Marine Safety & Environmental Protection (IMSEP):** This course is designed to provide an extensive background in the history, policies, laws and regulations pertaining to the Marine Safety and Environmental Protection missions. It is the Auxiliary equivalent of the 12-week Coast Guard Marine Science Technician A-School.

**ICS Courses:** ICS-100, ICS-200, ICS 700, ICS-800, and either ICS-210 or ICS-300

## Work Requirements

Meet four Performance Qualification Standards (PQS)

Five years of service in the Marine Safety & Environmental Protection missions
