**ACCOMPLISHMENTS OF NOTE:** Preparing for the upcoming patrol season. FSO-NS Ciolino will attend the Training at Portland, ME for processing AV reports.

**CONCERNS:** I will probably need some training on how to process paperwork. I will consult with the outgoing FSO-NS Theve on how to do this.

**GOOD OF THE AUXILIARY:** Hope all are well and prepared for this season's work.

**FSO-MS (Marine Safety): Wolf Dieter Dehne**

**FSO-PE (Public Education): Eugene Grossi**

**ACCOMPLISHMENTS OF NOTE:**

- *Boating Skills and Seamanship Course* at Kittery Adult Education, which began on March 3, concluded on May 5. Fifteen students successfully completed this 9-week class.
- *How to Read a Nautical Chart* was offered at Wells-Ogunquit Adult Education on May 16 as a one session class of 4 hours. Eight students participated in the course. The response from the students was so positive that the adult education program invited the flotilla to offer it again in the fall as a two-night course.

**PROGRAMS OF NOTE:** PE has the following classes planned:

- *Advanced Boating Skills and Seamanship*, which began on May 12, will run for 5 weeks at Kittery Adult Education for students who completed the basic course. These classes include navigation, weather, communications and lines & knots.
- *About Boating Safely* courses are planned at St. Thomas More Church in Durham beginning June 3 for three Wednesday evenings, and at York Harbor Marine Services on June 6.
- Plans are being firmed up with Bass Pro Shop in Hooksett NH to offer *About Boating Safely* at their facility. A firm date has not been established.

**GOOD OF THE AUXILIARY:**

- Our thanks to Steve Buchanan, John Engel, Joe Hogan, Mark Ladrie, and Byron Moe for teaching and assisting at the Kittery classes during May.

**FSO-PV (Program Visitor): Mark W. Ladrie**

**ACCOMPLISHMENTS OF NOTE:** I did five marine visitations, helped with classes at Traip academy, helped at the Open House at the Coast Guard station and crewed on a boat.

**FSO-VE (Vessel Examination): Harold Jamieson**

**ACCOMPLISHMENTS OF NOTE:** We seem to be having a repeat on request for the new VE decals. At this time I have issued a few more than last year at the same time.

**PROGRAMS OF NOTE:** At this time we have a VE program scheduled at York Harbor Marina June 27 and another scheduled event on June 20 at Wentworth by the Sea Marina.

**CONCERNS:** It would seem we have a problem getting visitors to attend the OPEN HOUSE event. I am sure this

will improve next year.

**GOOD OF THE AUXILIARY:** One of our VE's recently went in uniform to a Kayak / Canoe Demo ( May 17th) day at Concord, N.H. It was not a day designed for vessel exams but instead she walked around talking to people and making the Aux. presence known. She handed out pamphlets also. I consider her interest in doing this a step in the right direction.

**R - Response Section:**

**FSO-OP (Operations): William Armstrong**

**CONCERNS:** Patrols not being authorized by sector on a timely basis.

**L – Logistics Section:**

**FSO-CS (Communications Services): Michael K. Costa**

**ACCOMPLISHMENTS OF NOTE:** Continued with website updates and email alias administration.

**ACCOMPLISHMENTS OF NOTE:** Supplies came in and were distributed.

**FSO-PA (Public Affairs): Brian Welsh**

**CONCERNS:** Since I have not focused much time on the FSO-PA role this year, I recommend starting a search for a replacement. It would be great if someone would like to volunteer to pick up the role, since it is an important role in advancing the flotilla's goals.

**FSO-PB (Publications Staff Officer) Marshall Hewitt**

**NTR**

**FSO-PS (Human Resources): Henry Marchi:**

**ACCOMPLISHMENTS OF NOTE:** I have been working with several new member candidates in processing paper work for FC Costa to sign and forward to Boston. In addition I have had two more contacts in the last day or so and am sending out information,

**CONCERNS:** We have had issues with people not being able to take the New Member exam in a reasonable amount of time. I have made our Flotilla Officers aware of the problems and have passed my concern to the SO-HR. New members have been using a variety of methods to take the test. I hope we can resolve the process quickly.

**GOOD OF THE AUXILIARY:** If all goes as planned we should see an increase in membership by 6 to 7 people.

**FSO-FN (Finance): Matthew Wirth**

**ACCOMPLISHMENTS OF NOTE:** Report submitted directly.

**FSO-DV (Diversity): Paul Gaudet**

**PROGRAMS OF NOTE:** Scheduling July visit to the Shoals Marine Laboratory on Appledore. Date and time to be announced.

**PROGRAMS OF NOTE:** CGC TAHOMA has returned to port for a few months and we look forward to getting the FL 28 CGC program back in the groove.

**CONCERNS:** Staffing at least two days per week or four augmentation shifts. A few more interested members

would be fantastic.

**GOOD OF THE AUXILIARY:** The opportunity to serve here in port and while on sea duty provides a rare glimpse of the core CG activity aboard a ship.

**LO-LR (Liaison Officer – Lakes Region): David Joyce**

**ACCOMPLISHMENTS OF NOTE:** All OPFACS at the Lake are inspected.

**GOOD OF THE AUXILIARY:** A VE day is being planned for the Lake. USPS has shown an interest in joining in.

**LO-NH (State Liaison Officer- NH): Richard Many**
