

Coast Guard Boating Safety APP
John Collins USCG Aux, Div 4 SO-PE

The Coast Guard Boating Safety application, , has allowed you, on smart phones, to input a profile, email a float plan, review safety equipment requirements, obtain emergency assistance, and other features. But, for some reason, it has not been possible for the Coast Guard to update the enclosed links.

The Coast Guard is exploring the future of the application and hopes to put out additional information. In the meantime, you are advised that it is no longer available in the application sites. If you have the application on your smart phone, it should be deleted. Using the current application could lead you to obsolete information.
