UNITED STATES COAST GUARD AUXILIARY
FORM APPENDIX G D1NR QE SERVICES REQUEST FORM

DIRECTIONS:

In order to expedite the processing of requests for QE Services, this request form must be completed accurately and submitted in a timely manner.

FSO-MT must complete this form or work with SO-IS if unfamiliar with AUXDATA II Reports.

If MT office is not filled, the FC must complete it with the help of SO-IS.

The information requested on this form is available in AUXDATA II. It is important that a person with working knowledge of that system be the one who obtains the needed information. If you are not conversant with the system, seek help from your FSO-IS or SO-IS.

Incorrect information on this form will result in the candidate being unable to be certified as a BC or CX member. The successful completion of the Dockside Oral Exam and Underway Check Ride means that the candidate is qualified. But if that candidate is in REWK (missing a required workshop) or REYR, missing a necessary currency task (i.e. IRM, TCT-R, OP Workshop, AUXCT (core Training), the candidate cannot be certified as BC or CX and therefore cannot be counted as BC or CX for Patrols.
