Subj: AUXILIARY UNIFORM AND APPEARANCE PILOT PROGRAM
STANDARD OPERATING PROCEDURES

Ref.: (a) Auxiliary Uniform and Appearance Working Group Charter of 14 Jul 20
(b) Auxiliary Manual, COMDTINST M16790.1 (series)

1. PURPOSE. To establish Standard Operating Procedures (SOP) for the conduct of the Auxiliary Uniform and Appearance Pilot Program (AUAPP) in the Auxiliary's First District - Southern Region (D1-SR) and Eighth District - Coastal Region (D8-CR) from 01 October 2021 until 31 December 2022.

2. ACTION. Elected and appointed leaders and program managers at all levels of the Auxiliary organization shall ensure Auxiliarists who participate in the AUAPP adhere to this SOP and that all Auxiliarists adhere to specified Auxiliary-wide uniform changes. Leadership in the AUAPP regions shall maintain close liaison with the Auxiliary Uniform and Appearance Working Group (AUAWG) established by reference (a) for the purpose of general uniform program advice and guidance including matters of performance standards and expectations. The AUAPP may be expanded to additional Auxiliary districts or terminated prior to 31 December 2022 as circumstances may warrant.

3. DIRECTIVES AFFECTED. None.

4. BACKGROUND.

- a. In May 2020, the Coast Guard Leadership Council (CGLC) determined that review and assessment of Auxiliary uniform and appearance policies in reference (b) were warranted. This was prompted by the need to preserve the public's perception of the Coast Guard brand presented by its military personnel given the planned transition from the Operational Dress Uniform (ODU) to the Coast Guard Utility (CG-U) as the service's primary work uniform. Pursuant to subsequent CGLC assessment, the CG-U was approved for Auxiliary wear with appropriate modifications to ensure distinction from the Coast Guard's military version.

- b. The last major Auxiliary uniform policy change stemmed from discontinuance of the Work Blue and Undress Blue uniforms in 2012. Authorization of an entirely new Auxiliary uniform has not occurred since introduction of the ODU as the Coast Guard's principal work uniform in 2004. The Coast Guard's transition to the CG-U over the next couple of years will be constrained by a limited range of available sizes for all service members authorized to wear it, including Auxiliarists. While this will trigger discontinuance of the ODU from Auxiliary wear, it will also warrant establishment of a new alternative Auxiliary Work Uniform (AWU) that will be significantly different in appearance from the ODU and CG-U.
 - c. The Auxiliary's transition to the CG-U and establishment of a new alternative AWU present an appropriate opportunity to concurrently assess new Auxiliary uniform and appearance policies. These policies are developed and meant to ensure assiduous vigilance by every Auxiliarist in projecting uncompromising pride whenever authorized uniforms are worn.
5. DISCLAIMER. This SOP is not a substitute for applicable legal requirements, nor is it itself a rule. It is intended to provide guidance for Auxiliary personnel and is not intended to nor does it impose legally binding requirements on any party outside the Coast Guard.
6. MAJOR CHANGES. None.
7. DISTRIBUTION. No paper distribution will be made of this SOP. An electronic version will be posted on the Chief Director of Auxiliary section of the Auxiliary Leadership web site: <http://agroup-bx.wow.uscgaux.info/content.php?unit=BX-GROUP>. All websites in this SOP are the most current available. If the cited web link does not work, then access should be attempted by copying and pasting or typing the web site address into the user's internet browser.
8. REQUEST FOR CHANGES. Units and individuals may submit comments via the cognizant Auxiliary chain of leadership and management.

1. General Guidelines.

- a. The AUAPP shall be conducted in the D1 Southern Region (D1-SR) and the D8 Coastal Region (D8-CR) from 01 October 2021 until 31 December 2022. If the Auxiliary Uniform and Appearance Working Group (AUAWG) determines that early termination or extension of the pilot program is warranted, or that the scope of pilot program should be reduced or expanded in terms of participating Auxiliarists, then it shall forward recommendation and justification of such to CG-BSX for review and determination.
- b. The AUAWG shall be comprised of membership specified in Appendix A. The AUAWG may include the AUAPP District Commodores (DCO) and District Director of Auxiliary (DIRAUX) in any of its meetings, and shall include them in such at least once every other month.
- c. Each DIRAUX shall share this SOP with the sector and air station commands in their regions and any other appropriate Order Issuing Authorities (OIA) to ensure their AUAPP awareness and opportunity to provide feedback.
- d. Other than discontinuance of the tucked Operational Dress Uniform (ODU) on 31 December 2021 as an authorized Auxiliary uniform, no authorized Auxiliary uniforms will be eliminated from wear during this Auxiliary Uniform and Appearance Pilot Program (AUAPP). The Auxiliary version of the Coast Guard Utility (CG-U) uniform (Appendix C) is expected to become available to the Auxiliary in FY24. Upon such availability, all Auxiliarists will be authorized to wear the Auxiliary version. That will also trigger a 24-month phase-out period for the untucked ODU as an authorized Auxiliary uniform.
- e. For the purpose of the AUAPP, Auxiliarists who participate in activities that often involve multiple Auxiliarists (e.g., public education classes; boat crews; air crews) may wear the ODU (with or without operations polo shirt), the CG-U, or the Auxiliary Work Uniform (AWU). Hot Weather Uniform (HWU) versions of the ODU and AWU are also authorized for wear if regionally authorized for such activities. For example, members of a boat crew may wear different uniforms on the same patrol. Wearing different uniforms under such circumstances is encouraged in order to help seek and obtain feedback from the public, Coast Guard personnel, and from fellow Auxiliarists about each uniform's appearance, durability, approachability, and preference.
- f. Feedback reports shall be submitted by each region on a monthly basis. Division Commanders (DCDR) shall collate comments, observations, and lessons learned from participating flotillas and Auxiliarists in sufficient time to forward up their Chain of Leadership (COL) to enable Executive Committee (EXCOM) review and allow the District Commodore (DCO) to submit a collated regional report to the AUAWG by the fifth work day of the month. Appendix E provides a template for feedback reporting.
- g. Any questions or concerns about AUAPP policy changes and uniforms may only be forwarded by either the DCO or DIRAUX to the AUAWG for response and resolution.

- h. For the purpose of AUXDATA II reporting, all activity in support of the AUAPP shall be claimed under category 99E (Auxiliary Administrative/Logistical Support) on the CG-7029 Member Activity Form. Claimants should annotate their Mission Description line items with the AUXDATA II Operation Code, "Uniform Pilot Program."

2. Uniform and Appearance Guidelines.

- a. All members of all flotillas and divisions in each of the AUAPP regions shall abide by the uniform and appearance policy changes in Appendix B.
- b. The AUAPP applies only to Auxiliarists while they reside in the AUAPP regions. Auxiliarists from these regions who may temporarily reside in other regions during the year shall abide by current Auxiliary uniform and appearance policies while doing so.

3. Auxiliary Version of the Coast Guard Utility (CG-U).

- a. All Auxiliarists are authorized and encouraged to wear the CG-U (Appendix C) as soon as it becomes available.
- b. The CG-U is authorized to be worn for any purpose which the ODU had previously been authorized.

4. Auxiliary Work Uniform (AWU).

- a. Auxiliarists in AUAPP regions are authorized and encouraged to wear the AWU (Appendix D) as an alternative to the ODU and CG-U as soon as it becomes available. Auxiliarists in all other regions may wear the AWU after 31 December 2021. An AWU procured by an Auxiliarist during the AUAPP is authorized to be worn by that Auxiliarist until no longer serviceable including beyond the end of the pilot program. Feedback about the AWU (e.g., comfort; durability; receptivity by Coast Guard personnel and the public) is strongly encouraged to be forwarded through the chain of leadership and will be used to determine the need for appropriate modifications.
- b. For purposes of the AUAPP, the AWU is the prescribed alternative work uniform if an Auxiliarist is unable to procure either the ODU or CG-U due to size availability, or elects to not comply with new grooming and appearance standards that are required for ODU or CG-U wear.
- c. The AWU is authorized to be worn as an alternative work uniform whenever the ODU or CG-U is authorized to be worn. This includes authorization to be worn for the purpose of instructing virtual and in-person public education classes, performing boating safety partner visits, and for public outreach events (e.g., boating safety booths at boat shows; public outreach information tables at National Safe Boating Week events). The AWU is specifically not authorized to be worn for ceremonial events (e.g., as part of a color guard; in parade formation).

Uniform and Appearance Policy Change Summary and Detail

1. Auxiliary Uniform and Appearance Policy Change Highlights (by Auxiliary Manual section):
 - a. **Section 10.A.1. (Auxiliary Surface Operators, PWC Operators, Paddlecraft Operators, Mobile Radio Facility Operators, and Shore-side Harbor Patrol Operators):** More detail is added about who can specify the uniform for these operators. The AWU is introduced as an authorized alternative to the ODU and the CG-U. It is the prescribed alternative work uniform if an Auxiliarist is unable to procure either the ODU or CG-U due to size availability, or elects to not comply with new grooming and appearance standards that are required for ODU or CG-U wear.
 - b. **Section 10.A.7. (Assignment to Duty):** The AWU is reiterated as the prescribed alternative work uniform if an Auxiliarist is unable to procure either the ODU or CG-U due to size availability, or elects to not comply with new grooming and appearance standards that are required for ODU or CG-U wear.
 - c. **Section 10.A.10. (Other Auxiliary Activities):** The AWU is again specified as the prescribed alternative work uniform to be worn if an Auxiliarist is unable to procure either the ODU or CG-U due to size availability, or elects to not comply with new grooming and appearance standards that are required for ODU or CG-U wear. Unresolved questions, disputes, or misunderstandings are to be referred to the DIRAUX for resolution.
 - d. **Section 10.B.2. (Coast Guard Exchanges):** This specifies individual uniform clothing items may be tailored to fit, but they may not be physically joined or combined with other individual uniform clothing items.
 - e. **Section 10.C.1. (Setting an Example):**
 - (1) Greater detail is provided to define what “no longer serviceable” means.
 - (2) An annual requirement is established for Auxiliarists to undergo a uniform inspection by either their Flotilla Commander (FC), Vice Flotilla Commander (VFC), or other elected officer in their Chain of Leadership (COL). Multiple opportunities shall be provided Auxiliarists to undergo this inspection. Auxiliarists who do not pass their initial annual inspection shall be afforded one more opportunity to pass inspection. Flotilla elected leaders are charged with primary responsibility for ensuring Auxiliarists meet inspection requirements. Other elected leaders in an Auxiliarist’s COL may fulfill this responsibility if circumstances allow or flotilla leaders are not available to do so (e.g., uniform inspections may be conducted for attendees at a district conference or division training forum). This requirement shall be effective starting with CY 2022.

- (a) An Auxiliarist may wear any uniform they are qualified to wear (e.g., a qualified vessel examiner may opt to be inspected in the ODU or CG-U with authorized VE polo shirt; an Auxiliarist who only wears the Blue Blazer Outfit for their Auxiliary activities must wear that for inspection purposes). If an Auxiliarist does not own an Auxiliary uniform nor wears the Blue Blazer Outfit then they are not required to meet this inspection requirement.
 - (b) Dinner Dress uniforms and Hot Weather Uniform versions are not authorized to be worn to meet this inspection requirement.
 - (c) If distance or physical ability do not allow ready inspection, then a photo(s) may be provided to their FC or VFC via email to perform the inspection.
 - (d) Annual inspection counts as a currency maintenance task for all competencies. Except as allowed in 1.e.(2)(a) above, Auxiliarists who do not undergo or do not pass the annual inspection during the calendar year shall lose their currency in all of their competencies for the following calendar year (i.e., be placed in REYR status) and shall be issued a Letter of Caution. If it happens for a second consecutive year, then a Letter of Reprimand shall be issued. If it happens for a third consecutive year, then the Auxiliarist may be disenrolled.
- (3) A requirement is established for an Auxiliarist who wants to pursue assignment to duty at a Coast Guard or military unit to undergo inspection and approval by their FC or VFC before accepting such assignment. Assignment to duty shall not occur until any discrepancies are corrected. This requirement shall be effective starting with CY 2022.
- f. **Section 10.C.3.d. (Trousers, Slacks, Socks, and Shoes):** Only shoes authorized for wear with a specific uniform shall be worn. Shoes like sneakers and foam clog shoes are specifically prohibited. Exception is made for footwear that has a medically prescribed purpose.
 - g. **Section 10.C.3.g. (Personal Display Items):** The allowance for only two rings per hand is specified. Thumb rings are prohibited, and an engagement and/or wedding ring counts as one ring.
 - h. **Section 10.C.3.h. (Earrings, Body Piercing, Tattoos):** Proof of legitimate medical purpose is required to be provided by an Auxiliarist who has an otherwise unauthorized tattoo, body piercing, intentional scarring/mutilation, or other modifications of the head and neck to their FC. Failure to provide such shall result in disenrollment.
 - i. **Section 10.C.3.i. (Additional Jewelry):** More detail is provided regarding avoidance of eccentricities in jewelry.

j. **Section 10.C.3.n. (Hair, Facial Hair):**

- (1) This defines the requirement that men's hair be neat, clean, not touch the collar, and be away from the ears. Men are prohibited from wearing pony tails or buns.
- (2) This specifies that an OIA may prohibit the wearing of beards or moustaches.
- (3) This requires men to be clean shaven (mustaches allowed) to participate in ceremonial events (e.g., Auxiliary color guard; Coast Guard parade formation).
- (4) This closely aligns women's policies with those for active duty personnel defined in the Uniform Regulations (COMDTINST M1020.6 (series)).
- (5) This establishes a requirement for an Auxiliarist who wants to pursue assignment to such ceremonial duty to undergo inspection and approval by their FC or VFC before accepting such assignment. Assignment shall not occur until any and all discrepancies are corrected. If time or distance do not readily allow for inspection, then photos may be provided to FC or VFC via email to perform the inspection.

k. **Section 10.E.2. (Blue Blazer Outfit):** More detail and allowance are provided regarding how to wear the blazer patch. Blue Blazer Outfit wear is required when an Auxiliarist does not have any prescribed uniform to wear in a non-operational activity (exceptions are provided for specific activities (e.g., a female Auxiliarist may wear a formal civilian gown to a district conference banquet)).

l. **Section 10.E.2.d. Auxiliary Work Uniform (AWU):** This is a new section to briefly describe AWU expectations. A Hot Weather Uniform (HWU) version is authorized for the AWU. An AWU procured by an Auxiliarist during the AUAPP is authorized to be worn by that Auxiliarist until no longer serviceable including beyond the end of the pilot program.

m. **Section 10.F.3. (Name Tags):** This now addresses name tag allowances for Auxiliary Chaplains.

n. **Section 10.H.4. (Operational Dress Uniform and Coast Guard Utility):** This specifies that the leader of an Auxiliary member training or conference event (e.g., FC; DCDR; DCO) may prescribe the ODU, CG-U, or AWU for wear at such events. Also specifies that the tucked ODU will no longer be authorized for wear after 31 December 2021. The section also weaves in comparable allowances for wearing the CG-U.

Auxiliary Uniform and Appearance Pilot Program

Standard Operating Procedures

AuxMan Section 10.A.7. Assignment to Duty:

An OIA may prescribe an Auxiliary uniform as a condition for assignment to duty. Auxiliarists shall conform to Coast Guard unit policies regarding such uniform wear whenever interacting with, acting on behalf of, or representing the unit. Any unresolved questions, disputes, or misunderstandings regarding such uniform wear should be referred to the Director.

When performing duty on Coast Guard vessel, Auxiliarists shall wear uniforms consistent with those of the vessel's personnel. Auxiliarists, when working as crew on a Coast Guard vessel, shall wear only the member device on collars and corresponding hats for such uniforms. Auxiliarists may wear the insignia of their highest permanent office on such uniforms for ceremonial events held on that vessel.

AuxMan Section 10.A.7. Assignment to Duty:

An OIA shall normally prescribe an Auxiliary uniform(s) for assignment to duty. When more than one uniform is prescribed by an OIA for assignment to duty but no uniform is specified for a mission, the lead Auxiliarist shall specify the uniform to be worn by all participating Auxiliarists from among those prescribed by the OIA. Auxiliarists shall conform to Coast Guard unit policies regarding such uniform wear whenever executing the assignment to duty or interacting with, acting on behalf of, or representing the unit. If the ODU, CG-U, or their HWU versions are specified and a participant(s) is unable to procure the ODU, CG-U, or their HWU versions due to size availability, then they shall wear the AWU (or its HWU version if authorized). However, the AWU is specifically not authorized to be worn for ceremonial events (e.g., as part of a color guard; in parade formation). Any unresolved questions, disputes, or misunderstandings regarding such uniform wear shall be referred to the Director.

When performing duty on Coast Guard vessels, Auxiliarists shall wear uniforms consistent with those of the vessel's crew. Auxiliarists, when assigned to duty as crew on Coast Guard vessels, shall wear only the member device on collars and corresponding hats for such uniforms. Auxiliarists may wear the insignia of their highest permanent office on such uniforms for ceremonial events held by that vessel.

Individual uniform clothing items may be tailored to fit (e.g., trousers for the Dinner Dress White Jacket uniform). They may

Some uniform stores, however, will accept mail orders for uniform garments. The Auxiliary identification card is the only document needed for entry and purchasing ability. If ever denied access to a Coast Guard exchange or DoD exchange for the purpose of uniform outlet purchases, an Auxiliarist should immediately report such denial to the Director. The Director shall attempt to reconcile any misunderstandings about Auxiliary access and/or ID cards with the Coast Guard or DoD facility's command.</p>	<p><u>AuxMan Section 10.B.2. Auxiliary Uniform and Appearance Pilot Program

Standard Operating Procedures

AuxMan Section 10.B.4. Commercial Sources:

Auxiliarists may use commercial sources for buying uniforms and insignia, except for Auxiliary ball caps. These caps may only be obtained from the following sources: AUXCEN, UDC, or the Coast Guard Exchange System (CGES). Coast Guard and commercial sources of Auxiliary uniforms can also be found in the Uniform Procurement Guide, which is posted on the Auxiliary web site (see Appendix I) and distributed to all MA officers annually. Auxiliarists should purchase with caution because not all open market uniforms and insignia meet Coast Guard specifications. One can buy, in good faith, apparent regulation items and find such items are not the same. There may be differences in the material, design, cut, shade, durability, color fastness, etc.

When buying uniform insignia, Auxiliarists should look for the Coast Guard certification numbers in a semi-concealed location. Certain commercial sources have received Coast Guard certification for the items they manufacture. The safest course is to purchase insignia supplied to the district by the AUXCEN or to ask the MA officer.

AuxMan Section 10.C.1. Setting an Example:

Elected and appointed leaders are expected to wear the uniform properly to set an example. They must help other Auxiliarists develop proper habits of personal appearance, hygiene, and grooming when wearing the uniform.

AuxMan Section 10.B.4. Commercial Sources:

Auxiliarists may use commercial sources for buying uniforms and insignia, except for Auxiliary ball caps and ODU, CG-U, and their HWU versions' uniform clothing items. These caps and clothing items may only be obtained from the following sources: AUXCEN, UDC, or the Coast Guard Exchange System (CGES). Auxiliarists should purchase with caution because not all open market uniforms and insignia meet Coast Guard specifications. One can buy, in good faith, apparent regulation items and find such items are not the same. There may be unacceptable differences in the material, design, cut, shade, durability, color fastness, etc.

NOTE: For purposes of the AUAPP, commercial sources for AWU items will be provided independent of this SOP.

When buying uniform insignia, Auxiliarists should look for the Coast Guard certification numbers in a semi-concealed location. Certain commercial sources have received Coast Guard certification for the items they manufacture. The safest course is to purchase insignia supplied to the district by the AUXCEN or to ask the MA officer.

AuxMan Section 10.C.1. Setting an Example:

Elected and appointed leaders are expected to wear the uniform properly to set an example. They must motivate and inspire other Auxiliarists to maintain the highest standards of personal appearance, hygiene, and grooming when wearing the uniform.

Auxiliary Uniform and Appearance Pilot Program

Standard Operating Procedures

Uniforms shall be pressed, clean, fit properly, and be in good repair. The nature of Auxiliary uniform policies occasionally warrant the authorized wear of specific items until they are no longer in serviceable condition. A uniform item shall be considered no longer serviceable when any aspect of it is irreparably damaged, soiled, stained, frayed, worn, discolored, faded, or altered. All Auxiliarists, particularly those in leadership positions, have the responsibility to render judgments and take appropriate action regarding adherence to the Coast Guard's high standards of appearance relative to the serviceability of uniform items as worn by themselves and their fellow Auxiliarists.

Although Auxiliarists are not required to closely adhere to Coast Guard appearance standards (e.g., weight standards, grooming standards) on a daily basis, circumstances may arise in which close adherence to standards is expected. For example, assignment to duty at a Coast Guard training facility for recruits, enlisted leaders, or new officers carries an implicit expectation that Auxiliarists closely adhere to Coast Guard standards of appearance in order to sustain and support the examples that are strived and set for these groups. Particular attention shall be paid by Auxiliary leaders to ensure that Auxiliary representatives in such circumstances adhere as closely as practicable to Coast Guard grooming, weight, and overall appearance standards. Considerable deviation from these standards would not be appropriate in such circumstances, and it should give cause to Auxiliary leaders to consider the propriety of allowing an Auxiliarist who does not closely adhere to them to so serve.

They must also hold membership accountable for maintaining the same high standards. Auxiliarists shall therefore undergo and pass at least one uniform inspection each calendar year as scheduled and performed by their FC. The FC may delegate this function to, or share it with, the VFC. Undergoing such inspection by another elected officer in an Auxiliarist's Chain of Leadership (COL) is also acceptable (e.g., undergoing inspection at a district conference or divisional training forum).

Except for Dinner Dress Jacket uniforms and Hot Weather Uniform versions, an Auxiliarist may opt to be inspected in any uniform they are qualified and authorized to wear (e.g., a certified vessel examiner may opt to be inspected in the ODU, CG-U, or AWU with authorized VE polo shirt; an Auxiliarist who only wears the Blue Blazer Outfit for their Auxiliary activities must wear that for inspection purposes). Auxiliary unit leaders may not specify a uniform for the purpose of this annual inspection.

Flexibility shall also be afforded Auxiliarists to be inspected. Multiple opportunities for such shall be provided (e.g., flotillas and divisions should hold inspection opportunities at regular in-person meetings). Once inspected, though, the Auxiliarist shall have one more opportunity to pass inspection if they do not do so on their first inspection.

If an Auxiliarist does not own an Auxiliary uniform nor wears the Blue Blazer Outfit then they are exempt from this inspection requirement. If geographic distance or physical ability do not allow ready in-person inspection then at least one frontal photo

which enables view of headgear to footwear shall be provided to the FC or VFC for review (email acceptable).

This inspection shall count as an annual currency maintenance task for all Auxiliary competencies. Non-completion during the calendar year shall result in placement in REYR status for any competency with a currency maintenance scheme and ineligibility for any assignment to duty. Additionally, an Auxiliarist who does not undergo and pass such inspection as required above shall be issued a Letter of Caution by their FC about the importance of their adherence to uniform policies and expectations (copy to DCDR and the Director; Chapter 3 investigative requirements are waived for this purpose). Failure to do so a second consecutive year shall result in issuance of a Letter of Reprimand by their DCDR (copy to FC, DCAPT, DCO, and the Director; Chapter 3 investigative requirements are waived for this purpose). Failure to do so a third consecutive year may result in disenrollment by the Director.

Uniforms shall be properly pressed, clean, fit, and maintained in good repair. The nature of Auxiliary uniform policies occasionally warrant the authorized wear of specific items until they are no longer in serviceable condition. For uniform items, no longer serviceable condition is defined as being in a condition that detracts from the purpose of projecting the Coast Guard's high standards of pride and professionalism. A uniform item shall be considered no longer serviceable when any aspect of it is: irreparably damaged; creased or bunched in an inappropriate and irreversible fashion; torn; soiled; stained; frayed; worn; discolored; faded; inappropriately altered; or officially declared obsolete.

Standard Operating Procedures

All Auxiliarists, particularly those in leadership positions, are expected and have the responsibility to render judgments and take appropriate action regarding adherence to the Coast Guard's high standards of appearance. This is of particular importance in the context of serviceability of uniform items worn by themselves and their fellow Auxiliarists.

Although Auxiliarists are not required to closely adhere to Coast Guard appearance standards (e.g., weight standards, grooming standards) on a daily basis, circumstances may arise in which close adherence to standards is required. For example, assignment to duty at a Coast Guard training facility for recruits, enlisted leaders, or new officers carries the inherent need for Auxiliarists to closely adhere to Coast Guard standards of appearance in order to sustain and support the examples that are strived and set for these groups.

Considerable deviation from these standards would be inappropriate in such circumstances, and it must give cause to Auxiliary leaders to consider the propriety of allowing an Auxiliarist who does not closely adhere to them to so serve. Particular attention shall therefore be paid by Auxiliary leaders to ensure that Auxiliary representatives in such circumstances closely adhere to Coast Guard grooming, weight, and overall appearance standards.

Any Auxiliarist who desires to pursue assignment to duty at or aboard a Coast Guard or other military unit shall not accept such assignment until they have been visually inspected in the uniform prescribed by the Coast Guard/military unit and approved by their FC or DCDR. If time or geographic distance do not allow ready inspection then at least one frontal photo

Auxiliarists shall wear shirts, coats, jackets, overcoats, and raincoats buttoned. Sleeves shall not be rolled up except as authorized for the ODU. When not wearing a tie, only the collar button may be unbuttoned. Military creases are optional on light blue shirts and dark blue dress shirts only. If worn, form creases by pressing two parallel vertical folds in the front of the shirt from the shoulder seam through the center of each pocket to the bottom of the shirt. For men, form three parallel vertical folds on the back, centered between the shirt side seams to the bottom of the yoke. For women, form three parallel vertical folds starting at the center of the shoulder seams and from the middle of the collar seam to the bottom of the shirt. Sewn-in military creases are not authorized.

on any name tags. Auxiliarists may wear these name tags on civilian attire when serving in an Auxiliary capacity.

The Coast Guard Uniform Regulations, COMDTINST M1020.6 (series) authorize active duty and Reserve personnel to wear name tags that display first and last names in lieu of the standard name tag (last name only). An individual's first and last name and the "U.S. Coast Guard" legend letter sizes must be the same as for the standard name tag. This applies only to name tags of Bakelite or similar material, not to cloth name tapes. Commands have the authority to require the standard name tag when a higher level of uniformity is necessary. Auxiliarists are similarly authorized to wear name tags with first and last names displayed in accordance with these guidelines. A displayed first name must be the Auxiliarist's full common first name or conventional shortened derivative (e.g., Mike instead of Michael). Nicknames or parenthesized names are not authorized (e.g., Doc, Mac, "Lefty"). Auxiliarists must also have a standard name tag for when a higher level of uniformity is necessary.

Auxiliary interpreters may wear a pin-on Auxiliary interpreter name tag with the Service Dress Blue Bravo and Tropical Blue uniforms during authorized interpreter missions. It shall display the full first and last name in the first row and the word "INTERPRETER" in the second row in place of the traditional words "U.S. COAST GUARD AUXILIARY."
