**PA** - Sent two Press Releases to four newspapers in May in advance of National Safe Boating Week. Two published in the Chronicle - not sure if other newspapers published.

**PE** - Received payment for 12 students for April class at \$20.00 each. Will order revised PE books at \$3.00 each. Have a request from Cossayuna Lake Improvement Association for a class, but it is too late in the season. We will plan on giving a class there on the last Saturday in June, 2022.

**Remarks:** (Awards/Special Events/Future Plans)

**FC** advised that she has not heard from Shawn and Ed is very busy. Will contact them again.

FC read in its entirety the email sent in May from our District Commodore, advising that Vincent Labbate is joining the District Staff as the District Directorate Chief - Leadership Education (DDC-LEd).

FC further advised that Policy has changed to require all Vice Officers to also be the Security Officer for the unit. Accordingly, Jeremy must now assume that role for our Flotilla. Charlie will coordinate with Jeremy to accomplish the turnover.

She facilitated discussion as to whether and when we should have a July Flotilla meeting. In the past we have had a Picnic or other fellowship event in July, but this may not be possible due to the vaccination requirement for in-person meetings. After discussion date and venue for July meeting will be determined at a later time.

Advised that the "gold side" has requested we update our Skill Levels in AuxData II since skills were missed during the pandemic.

Announced that there is a Canoe and Kayak race event on the Glens Falls Feeder Canal on August 28<sup>th</sup>.

Hurricane Preparation email was disseminated - please be aware and be prepared for power outages etc.

**DCdr** - Slusher advised that NYS is permitting more access to Paddle craft on the Champlain Canal and suggested that safety pamphlets should be placed along the canal at marinas and other facilities.
