FC Report 054-10-01

2017 has been very productive thus far. In our main areas of focus we have had outstanding numbers.

RBS:

PE Students: 60+

PA events: 5+

VE given: 100+

PV done: 150+

On the water operations, we have conducted many patrols and I would like to recognize FSO-OP Jim Arlart for an outstanding job so far!

I have noticed a few minor things I'd like to mention. I have noticed several materials that have recently been discontinued. The mentioned brochures such as the duck hunting boating safety have been very valuable to us in the past. I have asked my FSO-MA to pay this along to SO-MA.

V/R
