FC Report 054-10-01

Happy to report RBS is doing well and I am very pleased to report the following numbers. PE has harvested 154 student YTD with two more classes scheduled. Program visits has totalled 701 thus far with many more to come. Vessel Exams are at 306 so far and we have a total of 703 Mission Hours.

We have 36 members currently with 5 still not completing AMT. We have 5 crew in need of re-cert, 1 coxswain to re-cert and 1 coxswain candidate. We are expecting a busy fall with QE. We have 1 member transferring out and a new member transferring in.

We are continuing to meet at USCG Station WB on the third Tuesday of each month.
