FC Report 054-10-01

2017 estimated numbers thus far.

RBS:

PE Students: 120+

PA events: 8+

VE given: 200+

PV done: 350+

On the water operations have been stellar as well. Our Ops team has regularly conducted patrols twice per week and assisted when needed for special events.

I do have concerns like most FC's about non active members. I have 5 that have not conducted AMT and will not return calls, emails etc. I would like to discuss our options for these situations. The reason it is of more concern than usual is we find ourselves harder to meet a quorum of late and these non-active members directly effect that.

V/R

Joseph L. Nemeth, FC 054-10-01
