Flotilla 10-05 Report to Division

Status Report:

Month of September saw a significant reduction in mission accomplishments due to the significant impact of Hurricane Florence. With the exception of two members, all Flotilla members realized only minor damage to their homes and surroundings.

Flotilla member qualifications for OOD onboard the USCGC Bayberry were suspended for the month of August and September due to underway preparations for the Bayberry and the effects of Florence. We expect to renew these efforts in the near future.

Last ABS class had to be cancelled due to Hurricane Florence – next class scheduled for January 2019.

Upcoming Elections: We have one candidate for both the FC and VFC positions and elections will be held at our Nov 20th Flotilla meeting.

Change of Watch:

Flotilla 10-05's COW is scheduled for Dec 1, 2018 at the National Golf Course Club House in Winding River, Bolivia NC. We are currently beginning the process of soliciting qualified members for Elected Officer positions.

Note: I will be out of country from 17 Oct thru 4 Nov. I expect to have limited e-mail capability, but no phone connectivity.
