

D5S STANDARD REPORT

DATE: 08 August 2019

OFFICE: Flotilla Commander 054-10-05

Past 30 Days:

- Worked with Station Oak Island personnel and Auxiliarist Jackson Lewis' family to arrange a burial at sea.
- Suggested change to Flotilla 10-05 website to make it easier for visitors to request a VSC.
- Met with Southport Marina manager to discuss VSC sign and finalize design.
- Presented letters of recognition from Commodore Thornton to Station Oak Island personnel for their support during National Safe Boating Week. Flotilla 10-05 challenge coins were given to all supporting personnel.
- Met with OIC Oak Island ANT team regarding PATON verification requirements. Participated in initial PATON verification patrols.
- Attended briefing at Station Oak Island on response training exercises that may involve Auxiliary support. Station has begun using AUX facilities for joint training.
- Discussed at flotilla meeting the need for member involvement by new and seasoned members.
- Numerous awards presented.
- Flotilla members participated in NC Maritime Museum event honoring the Apollo moon landing.

Upcoming 30 Days:

- Continue to work with FSO-OPS, FSO-NS and ANT OIC, and ATON AVs to on PATON verification.
- Burial at Sea ceremony

Beyond 30 Days:

- Prep for upcoming public affairs events in September and beyond.
