Flotilla 10-06 Report to Division

Membership:

One has temporarily suspended activities for this year, wants to stay on roll in case his schedule improves next year. One has asked to retire. 43 on roll.

Four members have achieved AP status, however we still have three members who need to redo fingerprint cards again- no copies.

Three or four still in process.

Station Support

One member is training to qualify as watch-stander at STAWB, and we have one at the Diligence dock. Hoping to have a couple more.

Also working toward supporting Sector with watch-stander and responders.

Activities

PA: Wilmington Boat Show and Riverfest coming up, big events that we may need some help with.

VE: Numbers down, still planning two more VE days at a Marina and Boat yard.

PE: Classes scheduled, but cancelled, due to not enough students. Several more are scheduled, and alternatives being considered.
