SUBJ: Report from SO-CM

1. I was net control for the Division 10 VHF Radio Drill on Thursday March 17th at 1900 on ch 81a. Three stations checked in, one being Sector North Carolina. We moved the drill from 3d Wednesday to 3d Thursday of the month and SNC plans to join us when they are able.
2. Sector has invited all our ACUs to come take a tour of the Sector's Comms Center . We need to poll our folks and get some dates that would work for most everyone and BM1 Phillips will make it happen. The only thing Sector asks is that we give them a phone call reminder at 1800 on the night of the drill.
3. I completed and returned to the ADSO-CM the D5SR comms equipment inventory.

Respectfully submitted,
Charlie Duke
