SUBJECT: SO-CS Activity Report – February 2016 Meeting

A. Division Website

National IT Website Reviews

In January, National IT began auditing all Auxiliary websites to ensure that they comply with policy. The Division 10 website was reviewed in January and some outdated content and broken links were highlighted. I have finished installing all requested changes and am now awaiting a final review. Once all changes are verified they will issue an approval of the site.

By month-end January, Division sites had been checked and National IT is now in the process of auditing flotilla sites.

Website Content Added

Officer reports, agendas and minutes were posted on the Division site.

B. Flotilla FSO-CS Activities

Each Division 10 flotilla FSO-CS is being contacted after their site is audited. I am tracking the audits and will assist flotillas as required.
