UNITED STATES COAST GUARD AUXILIARY

DEPARTMENT OF HOMELAND SECURITY

The civilian component of the U. S. Coast Guard

17 June 2019

From: SO-IS

TO: Division Vice Commander, Division 10

SUBJ: Activity report for Information Services

1. Meetings, conferences, workshops, seminars.

a. None

2. IS Activities, Projects, or Events.

a. The most significant project has been the tracking of completion of the Intro to Risk Management course. Coordination via the IS chain and the MT chain was necessary to ensure members received credit as some training systems do not sync with AUXDATA.

b. AUXDATA (and other systems) continues to have slow downs and periodic outages. These are rarely well publicized, with information about such outages being gleaned from sources such as myCGAUX forums

c. Lou Ashley temporarily lost write access to AUXDATA. Restoration of privileges and why Mr. Ashley has the access needed to be addressed again at the senior AUX levels, finally involving Commodore Thornton and DIRAUX CDR May.

3. Requests for assistance by the Division Commander.

a. I neglected to document, however there were some requests. Balanced out by my requests to the DCDR to help break through some bureaucratic red tape.

4. Special Recognition.

a. Thanks, Joe! And thanks Lou for being patient!

Respectfully Submitted,

Jeffrey Innes
