

D5S STANDARD REPORT

DATE: October 14, 2019

OFFICE: SO-MS_____

FLOTILLA: DIVISION 10 (10-05)_____

Past 30 Days:

Facilitated and taught a Marine Safety Good Mate course at Sector NC facility with Barry Rice.

Recently appointed ADSO-MS SECTOR NC

Attended Monthly MS Forum Webinar. This training topic was Good Mate

Afforded all FSO-MS with information to share to all members of their individual Flotillas to help gain more member involvement in MS.

Continued to work on AUXMEES certification.

Upcoming 30 Days:

Joint teaching initiative with FSO-VE and FSO-PV to teach a training class on a combined VE, PV and MS format. The class will be held at Station OKI on November 16 2019. One purpose of the class is to introduce the importance of MSEP is to RBS.

Attend second part of Good Mate presentation on the monthly MS Forum

Beyond 30 Days:

Continue to provide guidance and assistance to all members who have an interest in Marine Safety and Environmental Protection.

Other Notes/Requests:

As SO-MS I am seeking everyone's support to broaden the member awareness of all of our Marine Safety initiatives. There is something in this area for all members, even the one's who have just joined.

Support is needed from RBS to show how Prevention Outreach is a vital part of all areas of RBS and the goal is to make Marine Safety a larger part of our Flotillas programs.
