Subj: Report for March / April 2016

The Division Training Day, held on 19MAR, was a success even though attendance was less than what was anticipated. There was something for everyone even though everyone did not avail themselves of it. The most unfortunate thing about the lower attendance was that CDR Fachko, DIRAUX 5 SR, was here to witness it.

Plans are underway for next year's event which will be held on Saturday, 11MAR17 at the same venue, McKeithan Hall on the North Campus of Cape Fear Community College. We will have two sessions of the one-hour TCT, Mandated Training as necessary and workshops either as required or as requested by Division 19 leadership.

It is my intention to present an AUXILIARY SEARCH COORDINATION AND EXECUTION (AUX SC&E) course later this year – perhaps AUG or SEP. I would appreciate timing suggestions from the FSO-NS Staff Officers. The course is taught on two consecutive weekends and students are required to attend all scheduled sessions. Please let me have ideas (as well as prospective students' names) NLT 01JUN.

If there are any questions regarding training requirements for any skill or qualification, please let me know – if I don't know the answer, I'll get it and then we'll both know.

Very respectfully,
