- 1, Division AV Workshops were offered in Divisions 9, 10 & 20 in March 2016.
2. AV CLASSES:
  - a) Classes were taught in Divisions 9,10, & 20 in the Fall of 2015.
  - b) 2 Students, Steve Gatrell (9-8) and Linda Ortiz (9-12) , were already AV qualified, but completed their PQS status.
  - c) Tom Van Petten (9-3) passed the AV Class with PQS.
  - d) Jim Waters (10-01) & Allen Padgett (10-06) passed the AV Class with PQS.

DSO-NS Ron West followed up with the above information: DIRAUX has received the paperwork for all students, but nothing is showing in the Member Directory or Training Record. DSO West found that the AV Status and AV Status with PQS are two different lists, which can be confusing.

No further word regarding REYR has been received. The District policy remains the same for currency (One report per year; Two reports due if one is not received the first year; The qualification is then lost if the two reports are not received & the member has to repeat the AV course.)

Patrols have not started yet. Waterways Branch has discovered that some PATONS have been entered in the Light List with the wrong Lat & Lo. They are in Division 20's AOR & SO-NS 20 has been notified, and will check out the situation when patrols begin.

The 2015 PATON List was distributed.

Please contact me for further questions.

Thanks,

Lois Dowty
