Both Flotillas 10-01 and 10-05 have been successful in teaching 7 ABS classes, 1 BS&S class and 1 Paddle Sports safety seminar in the first quarter of 2018. I have not received any updates from 10-06 and 10-07 on their class offerings.

Dawn Smith the FSO-PE officer for 10-05 has been very helpful in identifying issues with some of the 10 State-specific questions that are required by the E-directorate. I submitted her suggestions to National and I am awaiting their response.

Respectfully submitted.
