

UNITED STATES COAST GUARD AUXILIARY

DEPARTMENT OF HOMELAND SECURITY
The civilian component of the U.S. Coast Guard
(Authorized by Congress in 1939)

The PV program within Division 10 is performing well below expectations 2018. Division 10 has completed 774 Program Visits this year. Of the forty-one qualified Program Visitors from all 4 Flotillas only eighteen have performed Program Visits this year. That is a 44% participation of the qualified members. This is a dramatic decrease in interaction with our partners compared to previous years.

Respectfully submitted.
