ISSUES

Calendar: Leaders/members are not communicating with me as to what event dates with their corresponding information should be published on our website calendar.

Mike Ott – 20-04

We had a very successful PA event at the New Bern Mumfest festival. Completed a good Navigation Class and have a Local Waters class scheduled 7 December. Planning a Local Waters & Suddenly In Command class for 25 January.

We have relocated back to our old meetings facility at the Episcopal Church in New Bern.

Our COW is scheduled for 17 January. Our new FC is Karl Mielenhausen and our VFC is Bud McClard.

6. Two members resigned for personal reasons. Current Flotilla membership stands at 30.

054-20-10 operations are slowly ending. Many AUXPATROL vessels are being winterized. At least three will continue to be available upon tasking by the OIA.

VE, CFVE and UPV exams continue as a result of migratory pelagic fishing which will begin 01DEC2019.

PA events have included the Mullet Festival parade, Veterans Day parade and the Emerald Isle Christmas Parade.

PE events include concluding the ABS class for a local middle school with 20 students.

An additional class has started with 22 students and later in December a class of up to 50 students will begin.

SO Reports for 7 December Division Meeting

Tom Wiggins SO-CM

We have no active Div 20 HF facility. Therefore, we will have to get the process started to implement a new Offer for Use for a new HF Facility, a daunting task

Have received no information or direction on forming an Emergency Communications Capability. It will be interesting to see how ADSO-CM plans on implementing this capability. So we await news

I see no future for a VHF Net in the Division. I am looking forward to direction from District or higher. Emergency Communications is a high priority topic

Al Powell SO-DV

None of the Division 20 Flotilla's reported any DV activity other than the following:

Flotilla 20-02:

A DV presentation by SO-DV Al Powell is planned for their December 2019 meeting or their meeting in January 2020.

Flotilla 20-06:

Al Powell, FSO-DV and SO-DV, has DV workshops/training sessions planned within the next two months with:

1. US Coast Guard Station Hobucken
2. Boys and Girls Club staff of the Coastal Plain staff
3. Beaufort County Sheriff's Department
4. Washington Police Department
5. Beaufort County School system

My DV Strategic Vision for 2020:

I would like to have a meeting with the FSO-DV's in early 2020 (or their designees if that position is still vacant) to discuss a strategic DV plan to identify locations/organizations we can speak to, (marina's, social organizations, PTA meetings, church groups, Home Owner Associations, nonprofits, etc); where we can feature "Coastie the Safety Boat" , and/or work in conjunction with the FSO-PA/FSO-PE's at selected events.

We need to put more emphasis on speaking at schools in our AOR. We can talk about the importance of diversity, how it does not always involve race (a common misconception) and exciting opportunities for youth in the Auxiliary, especially with the new Sea Cadet pilot program.

Completed the October and November issues of *20-20 Vision*; e-mailed both issues to our FCs, PBs, USCG Stations, DIRAUX, and other interested parties.

I am available to assist flotillas to start a newsletter.

I urge all flotillas to submit photos and articles for *20-20 Vision*.

Bruce Clarkson – SO-PE

20-10 reports an on-going ABS course program involving middle school students. They've completed one well-received session and have another in the works. They state that due to a request from the school system they are not submitting names of students to the state and, instead, are retaining this information themselves.

20-04 has completed another navigation seminar. This event was well attended and well received. New Bern's plans for the immediate future include a Local Waters seminar. ABS courses are in planning for the first of the new year. Keith Gapen will be assuming the FSO-PE roll next year for the New Bern flotilla.

Jeff Perkins SO-PV

Partner Visits 2019 Goals:

Increase the number of certified PVs in the Division by at least 5.

I don't have accurate current numbers at this time but I will give a full report on this in my year end. We have added PV certifications.

Increase the number of visits in 2019 above 2018 level of 1,210.

At last report thru Nov 17 we have made 1,175 PV's in Division 20. In all of 2018 we made a total of 1,180. With 6 weeks to go and only needing 5 PV's to pass last year, I am sure we will end with a good gain over last year. Of special note is Katheryn King of Flotilla 20-04 who did 25 PV's in 2018 and 232 so far in 2019!

Increase Paddle Craft awareness of safety issues on all PVs within the Division.

Continuing to try to keep everyone focused on this objective.

Assure that Paddle Craft materials are ordered/utilized in each Flotilla.

Paddle Craft materials are available to all Flotillas.

David Fort SO-SR

Reported results of August meeting Minutes and November Financials approvals as required. Will be turning over records and going over reports and schedules with Eric Reese, the incoming SO-SR.
