

DO I NEED TO GO OUT AND PURCHASE A NEW FIRE EXTINGUISHER?

*Serviceable Condition means:

- Pressure gauge ins in the green or operational range or position
- Lock pin is Securely in place
- Discharge nozzle is clean and free of obstruction
- Extinguisher does not show corrosion or damage

See date of manufacture on bottom of extinguisher or on label

*if there is no date stamp select yes and move forward.

Manufacture Date on bottom or label

Extinguishers UL Classified 5-B:C/10-B:C (or greater) meet carriage requirements for ALL recreational vessels regardless of vessel age.

Extinguishers rates at Marine Type USCG Type B:C, Size I or Size II are only acceptable on vessels built model year 2017 or earlier.

Ratings that include higher numbers or more letters are acceptable. A "B" rated extinguisher is the minimum. A "B:C" or an "A:BC" is even better.
