

Flotilla 95, Marco Island **Boaters Local Knowledge** *Backwater Edition*

Navigating Local Channels and Waterways

This course begins where Boater's Local Knowledge ends, and provides those who want to explore the backwaters of the 10,000 Islands with the information they will need to safely navigate this unique area. Geography, tides and other factors that will influence boaters navigating in these waters are thoroughly discussed. Aerial photos are used extensively in this course to aid boaters in knowing where to go...and where not to go. Six routes into the 10,000 Islands are reviewed in the class. This course is recommended for intermediate boaters and above.
