

C-27J mission with the Coast Guard

The photo was taken by Harvey from his C-27J mission drop last week after the coasties showed up.

The crew from left to right is Dan Lipman from 11-1, Rob Bonnem , Tom Martin from 11-6, and David Mcgee.

The C. G. was not using the old C-130 for this mission. The C-130s are slowly being removed from service and replaced by the newer C-27Js.
