RE: Monthly Report Member Training 070-11-10 May 2024

Ups/Successes:

- Flotilla monthly meeting continues to have training sessions imbedded in the meeting.
- Continued conversation to get Flotilla members to take mandatory core courses and TCT/RM courses.
- All messages concerning classes/training opportunities are sent to all members of the Flotilla by the Flotilla Commander
- New members working on upgrading to BQ

Downs/Challenges:

- On going problem Flotilla is short of Instructors, Program Visitors, Vessel Examiners, and members willing to take the training courses for elected officers (still our major Challenge)

Comments:

- N/A.
