to David, me, Cono

I am submitting this report in Buddy Casale's absence.

- On May 18 & May 19 the Boat America Class successfully instructed and awarded 11 students their safe boating certificates.

-The Navigation Class on May 25 had 10 potential students and had to be cancelled due to health issues of the instructors.

-For June 8 & 9 Boat America class I have 17 potential students.

-For the Navigation Class on 6/29 :

9 potential students that have shown interest, if you add the students from the class that was cancelled in May there could be potentially 19 students.

-For June 12 Gordon has stepped up (as Buddy is on the mend after his procedure) to do the Dunedin Library presentation for children that starts at 4 pm. I will be there to help, Kristi volunteered and Dennis DeStefano will be Sammy the Otter.

- A Boat America class will be presented to the homeowners in Gulf Harbors Neighborhood on June 22 & 23 at their local Civic Center. So far there has been reported a total of 20 signed up so far, per the HO President. The home owner president who is sponsoring the event expects 30. There were two articles in the neighborhood newsletter plus several email announcements. She said she will be putting out a couple more reminders before the event.

Respectfully submitted ,

Judy A DeStefano
