

Hope Spot Event in Dunedin

The Dunedin flotilla 11-10 set up a C.G. Aux information booth at Dunedin's Hope Spot Event.

The event's purpose is to try to promote less production of trash. Many vendors were there including food and music at the gazebo.

Our flotilla used the spot to promote Boat Safety by talking with people about vessel exams, boat safety courses, and becoming a member with the C. G. aux. We had a few people sign up for vessel exams, boat safety courses, and one will contact our HR officer to be a C. G. aux member.
