Operational Auxiliant Program (AUXOP)

The AUXOP or "Operational Auxiliant" Program is an advanced training program available to members of the Coast Guard Auxiliary who wish to increase their practical relevance to Coast Guard, and better assist the Coast Guard to fulfill needed skill sets. Members who successfully complete their training are authorized to wear the prestigious AUXOP Device, shown here, and their membership level advances from Basic Qualified (BQ) to Operational Auxiliant (AX).

This achievement has been called the Ph. D. of the auxiliary since it requires so much work to achieve this status.

David McGee

Grady Altman

Both David and Grady have recently achieved Auxop status. Dave has been a member just over one year and Grady just under one year. Both have shown what an auxiliary member can do if they have the energy and desire to achieve. Everyone in the auxiliary is eligible...if you don't mind doing the work.

Congratulations and bravo zulu to you both.

David McGee and Grady Altman announcement about their AuxOp status and receive their Auxop pins
