

The following information will assist you in two areas:

The first is the boating safety course. A link is included here for the Florida Course provided online free from BoatUS. If someone needs the course this is probably the fastest and easiest route. The second is a series of log in links for Auxiliarists who have their numbers assigned but have not set up their accounts.

[Florida Boating Safety Course: BoatUS Foundation](#)

Setup/Login Links for AUXData and associated Auxiliary Sites:

See attached Sign Up In/With USCGAUX-Job Aide for more info.

1. AuxData is the main Website we use. [Login \(crmforce.mil\)](#)

Here is where Information, Reports, and Links to all other sites are found.

2. The Aux online classroom and USCGAUX system uses your member ID as your username. This is separate from Auxdata. Classroom url - here you can sign up if needed and then sign in whenever you need to. [USCG Auxiliary Classroom](#)

Here is where most of your training is done online.

3. Aux Training Info Website
<http://wow.uscgaux.info/content.php?unit=T-DEPT&category=online-learning>

This site provides great information on training.

4. The National Testing Center
[United States Coast Guard Auxiliary National Testing Center \(cgaux.org\)](#)

Here is where additional training is done. There are courses here not found in the Aux Online Classroom that may be required in certain instances or you may want to take as part of a certification process.
