One of the most valuable functions of the AUXOFFICER Directory is the ability to update your own information without needed to go through your FSO-IS. To start search for yourself, either by clicking down through the District and Flotilla pages or just search for yourself using the yellow search box.

When you get to your own page (using your own login information) your page has extra stuff that others don't see. First I will show you what my page looks like when I open it.

It's kind of long so it takes two photos to display it all...
